DADS AND DAUGHTERS

Featuring

DR. BRIAN ROBERTS

The Coastal Waters Consortium and LUMCON marine education are hosting a workshop for dads and daughters (daughters must be between the ages 5-8).

Through the outdoors and the lab dads and daughters will have the unique opportunity to spend quality time in the amazing marsh ecosystem. Activities include animal collections, marsh walk, plankton lab, and a tour of the marine center.

JANUARY 30, 2015
