The Deepwater Horizon drilling rig accident has resulted in a significant release of hydrocarbon pollutants into the waters offshore of southeast Louisiana and these pollutants have the potential to impact fish and other aquatic life in portions of these coastal waters. Efforts have been made and are continuing to be made to minimize the potential threats to fish and other aquatic life.

The Commission hereby grants authority to the Secretary of the Department of Wildlife and Fisheries to open, close, reopen-reclose, broaden or otherwise modify the areas closed and opened to fishing if biological, environmental and technical data indicate the need to do so, or as needed to effectively implement the provisions herein upon notification to the Chairman of the Wildlife and Fisheries Commission.
