

Wetland Rapid Assessment Procedure: A Two -Day Workshop

May 14-15, 2013 8:00 am — 4:00 pm

Weeks Bay Reserve

11300 US 98, between Fairhope and Foley, Alabama

**Weeks Bay Reserve, Alabama Department of Conservation and Natural Resources/
State Lands Division, Weeks Bay Foundation and Baldwin County Soil and Water
Conservation District**

Workshop Purpose?

Participants will learn about the procedures and use of WRAP in the coastal area. Lectures will include functional variables, functional scoring procedures and applying procedures in the field and in the office. Additional information will examine the use of WRAP by US Army Corp of Engineers. On both workshop days, procedures will be applied in the field at both disturbed and undisturbed wetland sites.

Who Should Attend?

Target audiences include Regulatory Personnel, Consultants, Restoration Engineers, Resource Managers and Professionals dealing with wetland issues.

Who are the Instructors?

**Boyd Gunsalus, Environmental Scientist with the South Florida Water Management District and co-developer of WRAP
Mike Moxey, Project Manager with the US Army Corp of Engineers,
Mobile District, Alabama Coastal Branch**

Registration?

Registration fee for the training is \$35.00. No refunds after May 7, 2013. Fee includes workshop materials and lunch. Seating is very limited, so register early. For information on training content and registration, contact Michael Shelton, Weeks Bay Reserve, at 251-928- 9792 or michael.shelton@dcnr.alabama.gov. Workshop location: Weeks Bay Reserve, 11300 US 98 between Fairhope and Foley, Alabama. Wear appropriate clothing and bring your tools of the trade for use in the field.
