

LOUISIANA NATURAL AND SCENIC RIVERS SYSTEM

PERMIT APPLICATION

Permit # 952 (Assigned by Department)

The Louisiana Department of Wildlife and Fisheries' Scenic Rivers program is authorized by LRS title 56, Chapter 9 Part II. This law requires permits authorizing activities in or affecting rivers that have been designated by the Louisiana Legislature as Natural and Scenic. Information provided on this form will be used in evaluating the application for a permit. Information in this application is made a matter of public record through issuance of a public notice. Disclosure of the information requested is voluntary, however, the data requested is necessary in order to communicate with the applicant and to evaluate the permit application. If necessary information is not provided, the permit application cannot be processed nor can a permit be issued.

APPLICANT INFORMATION

Table with 2 columns: Applicant Information and Agent Information. Rows include Name of Applicant (Bonnie Dennis), Address (161 River Ln.), City, State, Zip (Madisonville, LA 70447), Phone (985-640-7170), and Email Address (bmdennis50@yahoo.com).

DESCRIPTION OF THE PROPOSED ACTIVITY

Brief summary of the description and purpose of the proposed activity (details to be attached as a separate document). I covered boat slips on the Tchefuncte River, approximately 1/2 mile south of the Madisonville swing bridge, on West side of River. Project includes 16 40' piles to support roof cover. No dredging or excavation. Overall dimension 38' x 35'. Is any portion of the activity complete? YES or NO (If yes, indicate month and year of completion)

LOCATION OF PROPOSED ACTIVITY

Table with 2 columns: Location of Proposed Activity. Rows include Stream Name (Tchefuncte River), Address (161 River Ln.), City, State, Zip (Madisonville, LA 70447), Parish (St. Tammany), Sec/Township/Range (43/75/10E), and Latitude/Longitude (30.23.51.7 / -90.09.16.9).

ADJACENT LANDOWNERS

Table with 2 columns: Adjacent Landowners. Rows include Names, Addresses, Phone Numbers of Adjacent Landowners (Lake Ponchartraine Basin Maritime Museum, 133 Mabel Dr. Madisonville, LA 70447, Phone: 985-845-9200, Terry Donahue: 107 Longwood Dr. Mandeville, LA 70471 Ph: 985-845-2555).

ENVIRONMENTAL ASSESSMENT

Must be a separate document. See the attached instruction sheet for completing the assessment.

CONFIRMATION OF INFORMATION ACCURACY

Application is hereby made for a Scenic River Permit to authorize the activities described herein. I certify that I am familiar with the information contained in this application and that, to the best of my knowledge and belief, such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities, or I am acting as the duly authorized agent of the applicant.

SECRETARY

Dear Scenic River Permit Applicant:

Please review and concur on the following statement regarding the issuance of permits by the Louisiana Department of Wildlife and Fisheries. This agreement must be signed and returned before a Scenic River Permit can be issued.

"I have been advised and do understand that by applying for and accepting a Scenic Rivers permit issued by the Louisiana Department of Wildlife and Fisheries, I am being allowed to engage in an activity which would otherwise be prohibited by law or for which a permit is required. I understand that the permit is not a license and confers no property right upon me. I specifically agree to abide by all State and Federal fish and wildlife laws and regulations, and all State and Federal laws and regulations which relate to this permit or the permitted activity, and by all other terms and conditions of this permit. I understand that the permit for which I am applying may be suspended, annulled, withdrawn or revoked and that I may be assessed civil penalties, all in accordance with the provision of the Louisiana Administrative Procedure Act, and that I may be denied future permits as a consequence of my failure to fully and completely comply with the terms and conditions of the permit, as well as other laws and regulations pertinent thereto. If served with or notified of a cease and desist order signed by the Scenic Rivers Administrator, I agree to immediately and without delay cease all activities and operations which relate to the permitted activity or which are impacting the Scenic River, until such time as the matter can be resolved in an adjudicatory hearing pursuant to the Louisiana Administrative Procedure Act. I understand and agree that any permit issued to me by the Louisiana Department of Wildlife and Fisheries is in the nature of a privilege which is being voluntarily extended to me by the Department and the failure on my part to cooperate with the Department can result in the loss of the privilege conferred and the denial of future requests for permits. By accepting this permit, I evidence my agreement to be bound by all conditions and stipulations set forth herein."

Environmental Assessment of Bonnie Dennis Permit

The proposed environmental impact of adding 2 covered boat slips to an existing residential dock on the Tchefuncte River will have no real negative impacts. There is an existing dock and bulkhead. The addition will extend 33' into the river. The surrounding area has existing covered boat storage. The project is across the river from Marina del Ray. The portion of the river for the proposed project is over 500' wide so ample space for boat traffic and tidal flow.

1. Existing Land Use: Residential Lot with existing home. Existing bulkhead and boat dock (see attached pictures)
2. Wilderness qualities: No effect as there will be no additional clearing of lot, dredging or excavation.
3. Scenic Values: to used as boat storage for 2 personal vessels: 1) Fish Master 19' bay boat and 2) Chaparral Signature 290 power cruiser. The area surrounding the proposed project has many covered boat slips.
4. Ecological Regimes: No dredging or excavation is required therefore no environmental impact from the construction of the proposed project.
5. Recreational Use / Opportunities: Improves life of personal vessels due to limiting exposure to RV rays from direct sun.
6. Aesthetic Value: will align with existing structures of surrounding properties. Will match roof materials of existing house.
7. Fish and other Aquatic life: no impact
8. Wildlife: no impact
9. Historical and Archaeological Resources: no impact
10. Geological Resources: no impact
11. Botanical Resources: no impact
12. Water quality and quantity: River depth at location of proposed project starts at approximately 6' sloping down to approximately 15'. There is no dredging or excavation required to accommodate the personal vessels.
13. Hydrologic Features: no impact
14. Cultural Resources: no impact
15. Economic Impact of Project: increase value of personal residence and provide work for St. Tammany based pile driving / construction company

Evaluation of Project Alternatives

There are no alternative to proposed project other than to not construct covered boat slips which will lead to faster deterioration of boats and ultimately result in additional maintenance which includes use of and disposal of hazardous materials.

Steps to Minimize and/or Offset Potential Impact to River

1. No negative impact to the river should occur as existing covered boat storage exist in the immediate vicinity.
2. No dredging, no excavation, no wetlands impact
3. Site will be kept clean and free of debris during the construction process ensuring no materials or debris will enter the river.
4. All proper guidelines and set backs have been observed in accordance with WLF Scenic River requirements, the Corp of Engineers, LA Dept of Coastal Management, local, parish and subdivision requirements.
