

PERMIT APPLICATION

Permit # 1408 (Assigned by Department)

The Louisiana Department of Wildlife and Fisheries' Scenic Rivers program is authorized by LRS title 56, Chapter 8 Part II. This law requires permits authorizing activities in or affecting rivers that have been designated by the Louisiana Legislature as Natural and Scenic. Information provided on this form will be used in evaluating the application for a permit. Information in this application is made a matter of public record through issuance of a public notice. Disclosure of the information requested is voluntary, however, the data requested necessary in order to communicate with the applicant and to evaluate the permit application. If necessary information is not provided, the permit application cannot be processed nor can a permit be issued.

APPLICANT INFORMATION

Name of Applicant <u>SETH ROSE</u>	Name of Agent (if any)
Address <u>3376 Riley Street</u>	Address
City, State, Zip <u>Paulina, LA 70763</u>	City, State, Zip
Phone <u>225-206-2438</u>	Phone
Email Address <u>sethrose820@yahoo.com</u>	Email Address

DESCRIPTION OF THE PROPOSED ACTIVITY

Brief summary of the description and purpose of the proposed activity (details to be attached as a separate document)
Rebuild & Replace Boat shed and Dock.

Is any portion of the activity complete? YES or NO (If yes, indicate month and year of completion)

LOCATION OF PROPOSED ACTIVITY

Stream Name	<u>Blind River</u>
Address	
City, State, Zip	
Parish	<u>Assension Parish</u>
Sec/Township/Range	<u>A</u>
Latitude/Longitude	<u>30.161°, -90.705°</u>

ADJACENT LANDOWNERS

Names, Addresses, Phone Numbers of Adjacent Landowners
<u>LDWF</u>

ENVIRONMENTAL ASSESSMENT

Must be a separate document. See the attached instruction sheet for completing the assessment.

CONFIRMATION OF INFORMATION ACCURACY

Application is hereby made for a Scenic River Permit to authorize the activities described herein. I certify that I am familiar with the information contained in this application and that, to the best of my knowledge and belief, such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities, or I am acting as the duly authorized agent of the applicant.

Dear Scenic River Permit Applicant:

Please review and concur on the following statement regarding the issuance of permits by the Louisiana Department of Wildlife and Fisheries. This agreement must be signed and returned before a Scenic River Permit can be issued.

"I have been advised and do understand that by applying for and accepting a Scenic Rivers permit issued by the Louisiana Department of Wildlife and Fisheries, I am being allowed to engage in an activity which would otherwise be prohibited by law or for which a permit is required. I understand that the permit is not a license and confers no property right upon me. I specifically agree to abide by all State and Federal fish and wildlife laws and regulations, and all State and Federal laws and regulations which relate to this permit or the permitted activity, and by all other terms and conditions of this permit. I understand that the permit for which I am applying may be suspended, annulled, withdrawn or revoked and that I may be assessed civil penalties, all in accordance with the provision of the Louisiana Administrative Procedure Act, and that I may be denied future permits as a consequence of my failure to fully and completely comply with the terms and conditions of the permit, as well as other laws and regulations pertinent thereto. If served with or notified of a cease and desist order signed by the Scenic Rivers Administrator, I agree to immediately and without delay cease all activities and operations which relate to the permitted activity or which are impacting the Scenic River, until such time as the matter can be resolved in an adjudicatory hearing pursuant to the Louisiana Administrative Procedure Act. I understand and agree that any permit issued to me by the Louisiana Department of Wildlife and Fisheries is in the nature of a privilege which is being voluntarily extended to me by the Department and the failure on my part to cooperate with the Department can result in the loss of the privilege conferred and the denial of future requests for permits. By accepting this permit, I evidence my agreement to be bound by all conditions and stipulations set forth herein."

Scenic Rivers – Environmental Assessment

Project Description: Proposal to rebuild dock and boat shed on Blind River at existing camp.

1. Existing Land Use

The land is owned by Seth Rose and used for family and recreational activities. We've been using the property since the camp was built in 1958 and has been in the family for multiple generations. We own 3.75 acres.

2. Wilderness Qualities

The project will have no negative impact on wilderness qualities. The project improves upon degraded shed and dock that was damaged in Hurricane Ida.

3. Scenic/Aesthetic Values

The scenic values will not be impacted by the proposed project. The project is similar to other piers, docks, and camps along the river.

4. Ecological Regimes

The proposed project should have no impact on the ecology of the river as the structures will not alter existing water flow patterns. Some dredging will occur under the slips to accommodate the vessels at extreme low water.

5. Recreational Use/Opportunities

No public access or commercial activity to occur at the site. Family use only.

6. Fish and Other Aquatic Life

Fish and other aquatic life should not be impacted by the proposed project. Any disturbances will be temporary from the dredging and driving piles from barge.

7. Wildlife

The wildlife on the property should not be permanently affected by construction activities. We will be planting approx. 34 bald cypress on the property, some on the bankline and some on an existing slough into the swamp. This will be improving wildlife habitat around our camp.

8. Historical and Archaeological Resources

To the best of our knowledge, no historical or archaeological resources of significance occur on the property.

9. Geological Resources

To the best of our knowledge, no geological resources adjacent to the river will be changed by the proposed project.

10. Botanical Resources

A single tree will be removed from the proposed boat shed area. Approx. 34 bald cypress trees will be planted on the site. Several around the camp site and the remaining around the slough behind the camp. Searching for nutria excluder devices for the saplings.

11. Water Quality and Quantity

No change to water quantity or quality of the river is expected during or after construction. Temporary impact for dredging under the slips.

12. Hydrologic Features

The proposed project will not have any significant impact on local hydrology.

13. Cultural Resources

There are no known cultural resources associated with this project.

14. Economic Impact of Project

Local business hired to drive pilings. Lumber obtained locally.

Steps to Minimize and/or Offset Potential Impacts to the River

Limited dredge for access. Clean materials to replaced storm damage. No long-term negative impacts.

Alternatives

No build alternative not considered.

Applicant's Compliance History

No citations issued.
