

LOUISIANA NATURAL AND SCENIC RIVERS SYSTEM

# PERMIT APPLICATION

Permit # 1424 (Assigned by Department)

The Louisiana Department of Wildlife and Fisheries' Scenic Rivers program is authorized by LRS title 56, Chapter 8 Part II. This law requires permits authorizing activities in or affecting rivers that have been designated by the Louisiana Legislature as Natural and Scenic. Information provided on this form will be used in evaluating the application for a permit. Information in this application is made a matter of public record through issuance of a public notice. Disclosure of the information requested is voluntary, however, the data requested necessary in order to communicate with the applicant and to evaluate the permit application. If necessary information is not provided, the permit application cannot be processed nor can a permit be issued.

## APPLICANT INFORMATION

Name of Applicant <b>Roy A. Comardelle</b>	Name of Agent (if any)
Address <b>186 W. Bayou Rd</b>	Address
City, State, Zip <b>Des Allemands, LA 70030</b>	City, State, Zip
Phone <b>504-952-0329 or 504-952-0330</b>	Phone
Email Address <b>Adaline.Comardelle@gmail.com</b>	Email Address

## DESCRIPTION OF THE PROPOSED ACTIVITY

Brief summary of the description and purpose of the proposed activity (details to be attached as a separate document)

**Requesting a permit for a dock on scenic waterway Bayou Des Allemands (details attached)**

Is any portion of the activity complete?  YES or NO (If yes, indicate month and year of completion) **07/01/2025**

## LOCATION OF PROPOSED ACTIVITY

Stream Name	<b>W. Bayou Rd</b>
Address	<b>186</b>
City, State, Zip	<b>Des Allemands, LA 70030</b>
Parish	<b>Lafourche Parish</b>
Sec/Township/Range	<b>Des Allemands</b>
Latitude/Longitude	<b>29° 49' 14.60"N 90°28'41.57"W</b>

## ADJACENT LANDOWNERS

Names, Addresses, Phone Numbers of Adjacent Landowners
<b>Doyle Cornwell</b>
<b>Ray Pickett</b>
<b>Bryan Champagne</b>

## ENVIRONMENTAL ASSESSMENT

Must be a separate document. See the attached instruction sheet for completing the assessment.

## CONFIRMATION OF INFORMATION ACCURACY

Application is hereby made for a Scenic River Permit to authorize the activities described herein. I certify that I am familiar with the information contained in this application and that, to the best of my knowledge and belief, such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities, or I am acting as the duly authorized agent of the applicant.

Dear Scenic River Permit Applicant:

Please review and concur on the following statement regarding the issuance of permits by the Louisiana Department of Wildlife and Fisheries. This agreement must be signed and returned before a Scenic River Permit can be issued.

"I have been advised and do understand that by applying for and accepting a Scenic Rivers permit issued by the Louisiana Department of Wildlife and Fisheries, I am being allowed to engage in an activity which would otherwise be prohibited by law or for which a permit is required. I understand that the permit is not a license and confers no property right upon me. I specifically agree to abide by all State and Federal fish and wildlife laws and regulations, and all State and Federal laws and regulations which relate to this permit or the permitted activity, and by all other terms and conditions of this permit. I understand that the permit for which I am applying may be suspended, annulled, withdrawn or revoked and that I may be assessed civil penalties, all in accordance with the provision of the Louisiana Administrative Procedure Act, and that I may be denied future permits as a consequence of my failure to fully and completely comply with the terms and conditions of the permit, as well as other laws and regulations pertinent thereto. If served with or notified of a cease and desist order signed by the Scenic Rivers Administrator, I agree to immediately and without delay cease all activities and operations which relate to the permitted activity or which are impacting the Scenic River, until such time as the matter can be resolved in an adjudicatory hearing pursuant to the Louisiana Administrative Procedure Act. I understand and agree that any permit issued to me by the Louisiana Department of Wildlife and Fisheries is in the nature of a privilege which is being voluntarily extended to me by the Department and the failure on my part to cooperate with the Department can result in the loss of the privilege conferred and the denial of future requests for permits. By accepting this permit, I evidence my agreement to be bound by all conditions and stipulations set forth herein."

## Scenic Rivers – Environmental Assessment

Project Description: Proposal to Replaced previous dock due to the structure age and condition and safety of the old dock at 186 W Bayou Rd. on Bayou Des Allemands

1. Existing Land Use

The land is owned by Roy A. Comardelle Sr. and used for docking boats, and leisure activities. The previous property was a crab factory used for over 50+ years by local crab fisherman. The factory was aging and conditions were causing a safety hazard for boaters and the community on W. Bayou Rd.

2. Wilderness Qualities

The project will have no negative impact on wilderness qualities. The area is next to the bulkhead on the West side of Bayou Des Allemands. There is no negative impact on wildlife or the waterway as the dock is within the same area as the previous dock.

3. Scenic/Aesthetic Values

The scenic values will not be impacted by the proposed project. The project is similar to other piers, docks, and camps along the river. The dock will not impede the view of the scenic area. In fact, it enhances the look of the property and its scenic value.

4. Ecological Regimes

The proposed project should have no impact on the ecology of the river as the structures will not alter existing water flow patterns. Because the dock is above water, there will be no change to the bayou waterflow.

5. Recreational Use/Opportunities

The dock is a private dock used for docking boats. It will be used for recreational use for the private owner of the property such as fishing from the dock. The property is not for public use. It is private property for the owner at 186 W. Bayou Rd.

6. Fish and Other Aquatic Life

Fish and other aquatic life should not be impacted by the proposed project. Removal of the old concrete and replacement of the new pilons is temporarily disturbing the bottom, but all aquatic life does not disturb post placement of the new dock.

7. Wildlife

The wildlife on the property should not be permanently affected by construction activities. There is no clearing required. The waterway is already clear and does not require any additional clearing.

8. Historical and Archaeological Resources

To the best of our knowledge, no historical or archaeological resources of significance occur on the property.

9. Geological Resources

To the best of our knowledge, no geological resources adjacent to the river will be changed by the proposed project.

10. Botanical Resources

There are no plants or vegetation debris

11. Water Quality and Quantity

No change to water quantity or quality of the river is expected during or after construction. There will be no rock or concrete used for this project

12. Hydrologic Features

The proposed project will not have any significant impact on local hydrology.

13. Cultural Resources

There are no known cultural resources associated with this project.

14. Economic Impact of Project

If ever needed, the dock can be used by commercial fisherman to unload their catch if fishing in the local lakes and bayous.

**Steps to Minimize and/or Offset Potential Impacts to the River**

This dock gives the owner of W. Bayou Rd an opportunity to enjoy the scenic views and local lakes and bayous by boat and off the dock. This dock enhances the scenic views and does not obstruct the Bayou flow as the dock is raised above the waterline with nothing restricting the flow.

**Alternatives**

Any alternative construction methods or designs considered? The consideration for this dock was to ensure it replaces the old dock within the same location and with minimal support structures possible placed in the water to keep the waterway flowing freely and not disturb the aquatic life and wildlife.

**Applicant's Compliance History**

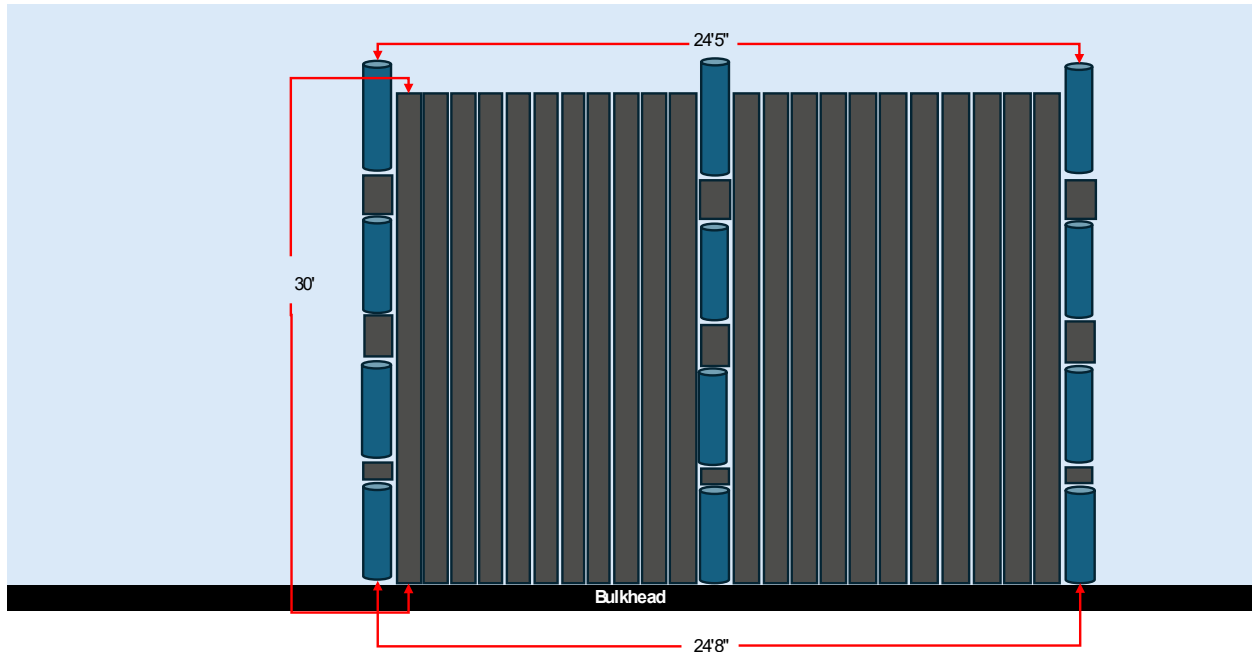

Have you been cited for any violation of the Scenic Rivers Act? Make this into a statement. (No violations sited. The request for permit was sent to me. This is the reason for this response.)
