Step 1 – The project consists of removing and replacing approximately 65 feet of existing steel bulkhead, adding a 3' wide composite deck and 12 x 24 boathouse with lift.

Step 2 – Vicinity map is attached.

Step 3 – Photo's attached.

Step 4 – Louisiana Coastal Use Permit (CUP) Applied for.
Corp of Engineers Permit is applied for

Step 5 – Environmental Assessment

- **Existing Land Use – No impact as this is an existing residence/home with existing bulkhead.**
- **Wilderness Qualities – No Impact. Addition of boathouse is consistent with similar residences in the same neighborhood.**
- **Scenic Value - No Impact as this is consistent with other residential improvements in close proximity.**
- **Ecological Regimes – No impact as this is existing residential property and not habited by wildlife.**
- **Recreational Use/Opportunities – This project will increase the recreational use.**
- **Aesthetic Values – Improving the property due to blighted condition of existing bulkhead.**
- **Fish and other aquatic life – no impact as this project doesn't impact Bayou Lacombe since it's not encumbering the waterway.**
- **Wildlife – No impact. Project doesn't hinder access of wildlife to the area.**
- **Historical and Archeological Resources – No Impact as there will be no alteration or excavation to the bayou's bottom.**
- **Geological Resources – No Impact, no dredging or excavating.**
- **Botanical Resources – No impact as the project will not be removing any vegetation.**
- **Water Quality and Quantity – No impact. No alteration to water flow.**
- **Hydrologic Features – No Impact. Will not affect water flow.**
- **Cultural Resources – Impact minimal as we are improving the existing residence.**
- **Economic Impact of the Project – Short term impact due to the contractor getting paid.**

Step 6 – Legal agreement enclosed

Step 7 – Applicant Compliance History – project was completed prior to getting permits as I was unaware one was needed.

Step 8 – The existing bulkhead was very old and failing therefore requiring replacement to ensure our home and property didn't go into the bayou. The bulkhead was replaced in the same place and only

12 cu yds of sand were installed to bring the property elevation up close to the bulkhead due to loss of land over time.

The 12x 24 boathouse is constructed in similar fashion as others in close proximity and has no impact on water flow or wildlife.

Step 9 – Alternatives to proposed project
The boathouse is 12 x 24 which is minimal in size to accommodate a bay boat.

Our home and property was in jeopardy of damage due to the bulkhead failing therefore its replacement was a necessity.

Dear Scenic River Permit Applicant:

Please review and concur on the following statement regarding the issuance of permits by the Louisiana Department of Wildlife and Fisheries. This agreement must be signed and returned before a Scenic River Permit can be issued.

"I have been advised and do understand that by applying for and accepting a Scenic Rivers permit issued by the Louisiana Department of Wildlife and Fisheries, I am being allowed to engage in an activity which would otherwise be prohibited by law or for which a permit is required. I understand that the permit is not a license and confers no property right upon me. I specifically agree to abide by all State and Federal fish and wildlife laws and regulations, and all State and Federal laws and regulations which relate to this permit or the permitted activity, and by all other terms and conditions of this permit. I understand that the permit for which I am applying may be suspended, annulled, withdrawn or revoked and that I may be assessed civil penalties, all in accordance with the provision of the Louisiana Administrative Procedure Act, and that I may be denied future permits as a consequence of my failure to fully and completely comply with the terms and conditions of the permit, as well as other laws and regulations pertinent thereto. If served with or notified of a cease and desist order signed by the Scenic Rivers Administrator, I agree to immediately and without delay cease all activities and operations which relate to the permitted activity or which are impacting the Scenic River, until such time as the matter can be resolved in an adjudicatory hearing pursuant to the Louisiana Administrative Procedure Act. I understand and agree that any permit issued to me by the Louisiana Department of Wildlife and Fisheries is in the nature of a privilege which is being voluntarily extended to me by the Department and the failure on my part to cooperate with the Department can result in the loss of the privilege conferred and the denial of future requests for permits. By accepting this permit, I evidence my agreement to be bound by all conditions and stipulations set forth herein."
