

THIS AFFIDAVIT IS TO BE FILLED OUT BY A REGISTERED PROFESSIONAL ENGINEER OR A REGISTERED PROFESSIONAL LAND SURVEYOR IN ACCORDANCE WITH THE LOUISIANA DEPARTMENT OF WILDLIFE AND FISHERIES SAND, GRAVEL OR FILL MATERIAL LICENSE

To the Louisiana Wildlife And Fisheries Department:

This is in conformity with the Department's Sand, Gravel, or Fill Material License Number _____, Royalty Section, Provision Number 3, whereby the Department request Licensee to have a registered professional engineer or a registered professional land surveyor submit an affidavit for attachment to his completed cross section surveys.

Further, this is to certify that this is an actual in place measurement survey of _____ material in a stockpile pit known as

(Reference Name)

owned and/or operated by

located at

(Street Address or other I.D. references)

My computation on same shows that _____ cubic yards of this material were dredged or pumped into pit

during the period of _____ (Reference Name) and _____ (Starting Date) (Ending Date).

Further, that I am a registered professional engineer or a registered professional land surveyor and I declare that the attached corresponding cross section survey reports have been completed by me and that said survey reports and this statement is to the best of my knowledge and belief, true, correct and complete.
